Self-Serve Shipping Label & Packing Instructions

Your shipment is important to us and we want to make sure it arrives promptly and securely.

Important Reminders Before Mailing Your Device

The final value of your device is based on inspection, so please package your device securely, and ensure activation locks are disabled.

- Record your Invoice Number so you have access to tracking updates.
- If mailing multiple items, each device must be mailed in its appropriate trade-in package (check the reference numbers on the shipping labels).
- All confidential, proprietary, or personal information must be removed from the device
- Remove all personal information and passwords from devices, including Activation Locks.
- Remove SIM and memory cards. Consult your user's manual or manufacturer's website.
- Remove Carrier Service from your device prior to shipment.

IMPORTANT: Trade-in device cannot be returned, and any remaining user data is unrecoverable.

Step 1: Prepare your iOS or Android Devices

Complete steps below to ensure that Apple Find My iPhone/iPad or Android Find My Mobile security feature is deactivated prior to shipping your devices.

Failure to disable Activation Locks will result in a significant reduction in trade-in value. Devices will not be returned.

Apple Devices Steps	Android Devices Steps
<ol style="list-style-type: none">Launch Settings from the Home ScreenSelect Passwords & Accounts & select iCloudSelect Find My iPhone in the menu and toggle the button to the OFF positionEnter Apple ID password and turn off Find My iPhoneThe Find My iPhone functionality is now disabled; your device is ready to be sent <p>Device Reset: You can also disable Find My iPhone/ iPad by resetting your device through Settings> General> Reset > Erase All Content and Settings</p> <p>For users who need to unlock their device remotely:</p> <ol style="list-style-type: none">Sign into Apple iCloud account at www.icloud.com/#findClick ALL Devices link at top of pageSelect device that needs to be deactivated (may appear Offline)Select Remove from Account at the bottom of the pageSelect Remove when prompted; device can now be processed <p>IMPORTANT: Do NOT remotely wipe, lock, or mark your device as lost or stolen using iTunes or iCloud</p>	<ol style="list-style-type: none">Go to Settings app on phoneTap Cloud and Accounts (or User Accounts)Select Account TypeTap the Menu Icon (three vertical dots on the top right-hand corner)Tap Remove AccountTap Remove Account again (you may be prompted to enter your device passcode)Repeat steps to remove ALL Active Accounts from deviceYour device is ready to be sent <p>For user who need to unlock their device remotely:</p> <ol style="list-style-type: none">Log into Samsung account at http://findmymobile.samsung.comSelect Display Registered Devices buttonSelect device that needs to be deactivated from the Registered Devices displayIn menu bar on left, select Unlock My Device, then Disable Reactivation LockEnter your Samsung account password and select Unlock <p>Your device can now be processed</p>

Step 2: Pack your devices

- a. Use bubble mailers or sturdy boxes to limit potential damage during shipping. Package should be no larger than 10X9X4 with bubble wrap filler – no Styrofoam or shredded paper
- b. Batteries should remain inside the devices for shipping. Do **not** ship loose batteries.
- c. Tape all box seam and then tape across the box.

Step 3: Label your packages

- a. **DO NOT DUPLICATE LABELS.** The shipping carrier will reject duplicate copies of the same label.
- b. Print and affix the label using a clear shipping pouch or clear packing tape to completely cover the label.
- c. Drop package off at the shipping company noted on the label.
